Week 2

General English: General Language Improvement

Excursion Lessons: Lessons dedicated to informing the student about where they will be going on their next excursion

Focus on: Lesson dedicated to specific areas of improvement - such as vocabulary, pronunciation and grammar

Options: Here is where students can choose what area they want to work on. We plan to offer:

a) *English for Retail* - which we will combine with actual retail practice - so possibly working with local markets

b) *English for Coding* - which will teach both the language of coding and basic functionality in coding

c) *Subject specific English* - to help students who might be studying an academic subject in English - so we are looking at English for Geography, English for Psychology and English Literature
